

**FCC Toronto presents**

## **Long Wait For Home**

A documentary screening and discussion with  
**Dr. Changfu Chang**

Documentary filmmaker and Associate Professor of Communication  
Millersville University of Pennsylvania

*"For the first time, we sit face to face with birth parents who share with us the hard decisions they have made and the emotional toll they have suffered; we go to orphanages and take an intimate look at the living conditions of children usually inaccessible to film crews; we also converse with a wide range of ordinary Chinese citizens and scholars on the subject of international adoption."*  
-- Changfu Chang : [LoveWithoutBoundaries.org](http://LoveWithoutBoundaries.org)

This 50-minute film is the culmination of more than five years of research and 100 hours of footage by Dr. Chang and his crew. Dr. Chang has introduced the film to many FCC chapters across the country. He will share information about the making of the film and about his interviews with birth parents in China and lead a Q & A session after the screening. Light refreshments will be provided.

Dr. Chang will have available for sale DVD copies of 'Long Wait For Home' with a discount of \$5.00. In addition, he will offer his six other adoption-related documentary DVDs at 10% off.

Please join us on

**Saturday,  
October 18, 2008**
